Federal Hotel/Motel Discount Directory

1985

COMPLETED

ORIGINAL

U.S. General
Services
Administration

The Office of Federal Supply and Services (FSS) provides support services to Federal agencies in procurement, supply, distribution, material management, and transportation and travel management services. General Services Administration (GSA) travel management has saved millions of Federal dollars by its innovative transportation services and discounted lodgings program for Federal travelers.

The success of the ***Federal Hotel/Motel Discount Directory*** is evident by the fact that nearly 50,000 copies were ordered in 1984 for use by Federal agencies and travelers.

We welcome this expanded use of the discounted rates negotiated by travel specialists throughout the United States to assure the Federal traveler of quality accommodations at reasonable costs, and are pleased to announce the addition of a new, guaranteed rate program in which a substantial number of listed properties are participating.

Your continued use of the ***Directory*** saves travel dollars and reduces overall Federal travel expenditures.

Donald J. Gray

DONALD C. J. GRAY
Assistant Administrator
Office of Federal Supply and Services

To the Federal Traveler and Travel Manager:

Consistent with continuing efforts to reduce the overall cost of Government, the U.S. General Services Administration (GSA) is pleased to issue this seventh edition of the ***Federal Hotel/Motel Discount Directory*** to assist you in conserving Federal travel funds.

This edition of the ***Discount Directory*** lists more than 4,300 lodging establishments in 1,448 cities in all 50 States, the District of Columbia, Puerto Rico and U.S. affiliates, Canada, Mexico, and countries in Europe, Africa, Asia and South America.

GSA continues to be in the forefront of efforts to obtain discounts for Federal travel. In addition to administering the program detailed in this ***Directory,*** GSA with the valuable assistance of the Military Traffic Mangement Command (MTMC) of the Department of Defense (DoD), contracts for discount contract airline fares for Federal employees traveling between designated city-pairs. The ***Federal Travel Directory,*** published monthly by GSA and DoD, includes schedules and fares for contract airlines and information on certain other transportation discounts offered to Federal travelers. Also listed are contract airline telephone reservation numbers, contract air service use guidelines, and ground transportation information, including the locations and telephone numbers of car rental companies offering discount rates to Federal travelers.

These discount programs, in conjunction with the increasing use of contract travel management centers and the new Diners Club Government travel charge card program, have made travel arrangements for Federal employees more efficient, economical, and convenient. Just using the discounted lodging rates detailed here and the transportation discounts for Federal travelers listed in the ***Federal Travel Directory,*** can produce over $100 million Government-wide savings in fiscal year 1985.

Since individual business requirements differ, use of the discount lodgings listed in this ***Directory*** is not mandatory. Because of the substantial savings they offer, however, Federal travelers and managers stand to benefit significantly by patronizing the discount lodging establishments listed in this ***Directory.***

Every effort has been made to list quality and conveniently located accommodations at attractively reduced rates.

For sale by the Superintendent of Documents, U.S. Government Printing Office
Washington, D.C. 20402

Federal Hotel/Motel Discount Directory

How To Obtain Copies of the Directory

Federal agencies order their *Directory* requirements in bulk from the U.S. Government Printing Office (GPO) to meet their headquarters and field office needs. The first source of supply for Federal employees should be through their administrative channels.

Single copies also may be obtained over-the-counter at GPO bookstores, by calling the GPO order desk at (202) 783-3238 (FTS not available), or by writing to the Superintendent of Documents, Government Printing Office, Washington, DC 20402.

How To Use This Directory

Discount lodgings in the United States are listed alphabetically by State and by city within each State. The overseas listings are shown alphabetically by country and city.

The telephone area code appears with the city name. Each entry has a mail address with the post office zip code, and a local telephone number for user convenience in making reservations. Some entries show the distance to the nearest airport.

The symbol(s) on the last line indicates the following facilities and services:

♿ accommodations for the handicapped

🍴 restaurant on premises

🚗 free airport limousine service

🅿 free parking

(DC) The establishment accepts the Diners Club charge card (G) Guaranteed rate

Rates

The published rates in this *Directory* are agreed rates which are available to Federal employees, including civilian and military employees of the Department of Defense, traveling on official Government business.

Hotels are not obligated to honor these rates for persons working for the above entities as private individiuals under contract such as consultants, cost reimbursable contractors, advisers, etc., nor do they apply to members of the general public required to attend Government conventions, seminars or meetings.

The rates listed in the *Directory* are for one day and single occupancy, and unless otherwise noted, cover the period January 1, 1985, through December 31, 1985. The rates for some establishments vary according to seasons or weekends as indicated. Local, State, provincial or national taxes, service charges or special charges that may apply at individual locations will be charged in addition to the room rate listed.

Properties that have the Guaranteed Rate (G) symbol in their listing have certified that the rates will be made available without regard to occupancy thresholds or capacity controls of any kind as long as the establishment has a vacant room. This is a new feature added to the *Directory* for 1985, in order to streamline reservation procedures and provide a greater assurance of quality, discount accommodations. Those properties which have not guaranteed rates may restrict the availability of rooms at the published rate even though they may not be at full occupancy, particularly during the period of special events. To ensure the greatest availability, travelers are advised to make reservations as early as possible. Any problems encountered in this regard should be brought to the attention of our Regional Customer Service Bureau Directors. They will ensure that the published rate is not exceeded without a satisfactory explanation.

Rates for the overseas listing are in the accepted currency for the particular country. Conversion in U.S. dollars can be made by consulting the foreign exchange conversion table published each day in major newspapers or by contacting the foreign currency office of your local bank.

Every effort has been made to ensure that the rates quoted in this *Directory* were correct at the time of printing.

Hotel/Motel Tax Exemption Certificate
The municipality of Anchorage, Alaska, the city of Los Angeles, California, and the State of New York, exempt Federal travelers on official business from paying hotel-motel tax if a properly filled in exemption certificate and satisfactory credentials are presented to the hotel-motel clerk at the time of registration. Certificates can be obtained as follows:

Anchorage, Alaska
Exemption certificates may be obtained from the lodging establishment.

BEST COPY AVAILABLE

Los Angeles, California
Exemption certificates may be obtained from the lodging establishment. Should travelers have problems claiming the exemption, they may call (213) 626-9271 for assistance.

New York, New York
Federal travelers lodging in New York State while on temporary duty or permanent change of station travel can avoid paying occupancy tax by obtaining exemption certificate(s) from:

General Services Administration
Office of Federal Supply and Services
Customer Service Bureau
Transportation Services Branch-2FBTT
26 Federal Plaza-Room 20-116 New York, NY 10278
Telephone FTS 264-1285

or

State of New York Department of Taxation and
Finance Forms Control Unit State Campus
Albany, NY 12227

Reservation Reminders

To avoid inconvenience to the traveler and misunderstandings with hotel/motel managers, make reservations as soon as trips are scheduled.

The individual making the reservation should clearly indicate that the accommodation is for a Federal Government employee in travel status (give name of Department and Branch) and request the agreed Government rate. At the time of registration, the traveler should again request the agreed Government rate and, if required, produce proof that he or she is a Federal Government employee. The accommodations confirmed by the hotel or motel should not be accepted if the rate quoted for the room is higher than the rate listed in the ***Directory***.

Cancellations

Hotel room reservations must be cancelled as soon as travel plans change. Since cancellation times vary with hotels or motels, cancellation must be made within the timeframe dictated by them. The individual calling to cancel the reservation must clearly identify himself/herself to the answering agent or clerk, obtain the agent's name and/or cancellation number and note the time and date the cancellation was requested. Failure to cancel may result in the traveler's agency being billed for at least one night. Keep a written record of the cancellation number provided by the reservationist who handles your call.

Suggestions, Commendations and Complaints

FSS Customer Service Bureaus (CSBs) in each of our 11 regions negotiated the original discount rates for each establishment in the ***Directory*** and will renegotiate future rates.

To help us maintain the integrity of the listed rates, the CSB directors need your help in bringing to their attention any problems you are having in obtaining these discounted rates. They need to know if you encounter substandard lodging or are overcharged. Any commendations for an establishment's special helpfulness or good service or a suggestion for an improvement in discount listings or arrangements also should be forwarded to your CSB. Just contact the CSB transportation services director in the region which serves the city you are visiting as shown in the listing.

FSS Customer Service Bureau Locations

Early in 1983, GSA established Customer Service Bureaus (CSB) in each of its regions as single points of contact for retail, travel and transportation and personal property services. This directory is one of the many travel and transportation services which GSA offers. Contact your local Customer Service Bureau (CSB) to learn more about these, and the full range of retail, supply, and personal property services which your CSB provides.

Charge Card Program

The U.S. General Services Administration has awarded contracts to Citicorp for issuing Diners Club charge cards and Citicorp travelers checks for use by Federal employees to pay for official travel expenses as well as lodging, meals, passenger transportation, and vehicle rental. Virtually all major hotel and motel chains, as well as most of the independent lodging establishments listed in the ***Directory***, accept the Diners Club card. Participating lodgings are highlighted with (DC) to indicate they honor the Diners Club charge card.

The Charge Card Program is designed to provide maximum convenience to the Federal traveler. Quarterly, frequent Federal travelers will receive a Diners Club Establishment Coverage form with their statement. Travelers should complete the form and indicate establishments that do not accept the charge card. The short form can be mailed postage-paid to Diners Club International. You will be notified within 30 days of the action taken on your referral. Additional forms may be obtained at any time from your participating agency coordinator or by calling the Diners Club Corporation Service Staff at (800) 525-7590.

Safety Tips

When you arrive, you should:

Find the nearest exit immediately after arriving.

Examine your room (door handles, locks, windows, smoke alarms, sprinklers, etc.).

Put your key in the same place each time you arrive.

Investigate all disturbances (someone may be trying to warn you that a fire or other disaster has taken place).

When you suspect fire:

Look in hallway—if fire is not in hallway, close door behind you (taking your key). Stay close to wall on the same side as exit (smoke is disorienting).

Avoid injuries—walk downstairs using handrail (you may be injured by people in a state of panic).

Open the window (if your room is filled with smoke).

Keep your body as close to the floor as possible—smoke and gas rises!

Vent the room of smoke if your bathroom fan is working

Notify hotel management by phone of your whereabouts.

Fill the bathtub with water. Wet sheets or towels and stuff space between doors and windows to block smoke.

Bail water onto doors and walls to keep surfaces wet and cool.

Place a wet towel around your nose and mouth to filter smoke (fold towel into triangle and place corner in mouth).

You should not:

Use the elevator during a fire (smoke and fire can damage the operating systems of elevators).

Waste time collecting belongings. Leave quickly, closing the door behind you, guarding the most important possession—you.

Panic if you discover fire and smoke outside your door (most people are not killed by fire—smoke, gases and injuries from panic are the leading causes of death).

Open windows if smoke has not filled the room.
